ARRIVING AT HARRISBURG AIRPORT Thursday afternoon, Judge Richard B. Austin, Democratic nominee for Governor of Illinois and his party were greeted by Rep. Paul Powell of Vienna, Steve Mitchell, Saline County Democratic Chairman, Deputy Sheriff Everett N. Sneed and others.

Pictured above are James P. Alexander, nominee for Clerk of the Supreme court; Arthur L. Hellyer, nominee for State Treasurer; Rep. Powell, Judge Austin, Chairman Mitchell, James L. O'Keefe, nominee for Attorney General, and Deputy Sheriff Sneed.

Judge Austin, Alexander, O'Keefe, Don Morris, Austin's press representative, Robert Weidrich of the Chicago Tribune and pilot James Stewart flew from Chicago, arriving at the Harrisburg-Raleigh airport at 3:45 after leaving Chicago at 2 p. m. The plane, a Beechcraft twin-Bonanza, was loaned Judge Austin for the trip by the Green Construction Co. of Oaktown, Ill.

Hellyer met the group after other appearances in southern Illinois, driving his own campaign car.

### Honesty, Integrity in State Gov't Basic Issue, Austin Says

#### Candidate for Governor Speaks at Democrat Rally Here

"The basic issue in the campaign in the state of Illinois is the restoration of honesty and integrity to the State House in Springfield," Richard B. Austin, Democratic nominee for Governor told an overflow crowd at the court house in Harrisburg Thursday evening.

The big rally, which attracted many from surrounding counties as well as Saline county, featured Austin and three other candidates for state wide office as well as district and county candidates.

Candidates for state offices appearing on the program with Austin were Arthur Hellyer, candidate for treasurer; James L. O'Keefe, candidate for Attorney General.

#### Bill Bottomley Heads Key Club At High School

Bill Bottomley, HTHS senior, was elected president of the HTHS Key club at the first meeting of the year, Oct. 17. Other officers of the club are Bryan Jones, vice president; Eddie Quade, secretary; and Charles Cummins, treasurer.

John Schork, member of the HTHS faculty and of the Kiwanis club, is chairman of the Key Club committee.

The purposes of this organization are service to the school and community, to encourage leadership, and to act as a link between school and community.

Boys of the upper three classes may join the Key club if they are approved by the principal of the school, Eltis Henson, and the sponsoring committee.

The meetings of the club will be held after school hours. Two members of the Kiwanis club will attend the Key club meetings and two members of the Key club will be present at the Kiwanis meetings.

It is customary to have a waiting list of boys who desire to be members. These boys will be admitted at regular intervals, but will be on probation for a period.

Charter night will be held the first Tuesday in November when Key club members and their parents will be dinner guests of the Kiwanis club.

and James P. Alexander, candidate for Clerk of the Supreme Court.

Congressman Kenneth Gray of West Frankfort, running for reelection, stated his Republican opponent apparently does not even live in this district and questioned if he could sincerely have an interest in the district's problems.

#### Questions Interest in Area

Gray declared that his opponent maintains a residence at 3004 Second Street South, Arlington, Va., and his wife and children are living there now and the children are attending Jefferson school in Arlington. Gray also said the record indicates his opponent paid poll tax in Arlington last year.

Said Gray "I am not questioning a man's right to live where he desires. But how can a man have the interest of southern Illinois at heart when he doesn't even live in this section? How can he be interested, for instance, in our schools when his children attend school elsewhere?"

Continuing his attack, Gray said, "My opponent doesn't have a program to offer the voters. He merely says 'I want to be on the team,' but the team he wants to join has done nothing for the people of this district. His team is playing at the wrong end of the field."

#### Hits Scandals

Austin, a Superior Court Judge in Cook county, charged the state is riddled with scandal. "The state has been rocked by the Hodge, Dunbar-Nickell and Howell scandals. It's time to open the windows of the state house to let out the stench and let in the clean fresh air of honesty," Austin declared.

Then going to his own program, Austin listed a part of his platform:

1. If legislation is passed to permit a vote on a bonus for veterans of Korean conflict it will be allowed on the ballot so all citizens of Illinois may express their desire.

#### Graveside Services Held for Infant

Graveside services will be held Saturday for the infant son of Mr. and Mrs. Paul Griffiths of Marion, formerly of Harrisburg.

The baby was born at the Marion Memorial hospital yesterday at 5:15 a. m. and was rushed to the Christian Welfare hospital in East Alton where it died at 7:45 p. m.

The Griffiths have two other children, Pauletta, and Verinda. The body lies in state at the Thornton funeral home in Stonefort.

### Young Woman Killed By Hospital Elevator

LOUISVILLE, Ky. (UP)—A hospital elevator started unexpectedly Thursday and crushed a young woman to death before horrified passengers.

Mary Ann Logan, 24, a medical student, was boarding the elevator when it suddenly started up, pinning her head between the cab and portal.

Seven other passengers and the operator, Othelma Snow, were unable to help as the victim died almost instantly of strangulation and a crushed neck.

### Two Runs, One False, by Fire Dep't

The Harrisburg fire department around noon today made a run on a false alarm, then raced to a blaze where they found the woman of the house already had extinguished it.

At 11:40 a. m. the department received a call saying there was a fire at the First National bank but on arrival found out it was a false alarm. Nobody at the bank had called the fire department.

Shortly before 12:30 p. m. a run was made to the Don Roberts home at 1132 South Main, where the motor and wiring in an automatic washer caught fire. Mrs. Roberts had put out the fire with a garden hose when the fire department arrived on the scene.

### 'Houn' Dog' Elvis Wins Court Fight After Landing Haymaker in Brawl

MEMPHIS, Tenn. (UP)—Old "Houn' Dog" Elvis Presley, sporting a full bloom ducktail haircut and surrounded by shrieking female fans, successfully defended himself today against disorderly conduct charges growing out of his haymaker to the eye of an irate service station operator.

Ed Hopper, 42, and Aubrey Brown, 21, both filling station attendants, were fined on assault and battery charges. Disorderly charges against them were dismissed.

Hopper, who came to court following an altercation with the husky 21-year-old rock'n roll singing star Thursday night, sported a shiner that almost had his left eye closed.

Hopper was fined \$25 for doing battle with the idol of the teenagers. His fellow employee, who came to his aid when the fighting started, drew a \$15 fine.

### Plane Crashes In Antarctic; 3 Men Killed

CHRISTCHURCH, New Zealand (UP)—A U. S. Navy Neptune which crashed in the Antarctic with the loss of three men killed and five injured suffered mechanical trouble before its flight south, it was reported today.

A Christchurch newspaper said the heavily loaded plane also had to use 16 JATO rockets on its take off from here—twice the number used by other planes.

The big Navy patrol plane carrying supplies for a new Antarctic expedition crashed during an attempted landing Thursday at McMurdo Sound airstrip where a "white out" blizzard virtually cut off communications.

The plane was one of six which had flown from Christchurch to the Williams air operating facility in the opening phase of this year's South Polar explorations. A dispatch reaching here Thursday said the six planes barely made the airstrip in time.

The Navy in Washington listed the dead as:

Lt. David M. Carey, husband of Mrs. Norma Carey, Washington, Fla.; Aviation Machinist Mate 1-c Marion O. Marze, husband of Mrs. Minnie B. Marze, Waxhaw, N. C.; Aviation Electronics Technician 1-c Charles S. Miller, husband of Mrs. Carol Ann Miller, Providence, R. I.

She belonged to the First Baptist church here she was a member of the T. E. L. class. She was also a member of the Eastern Star for many years.

Mrs. Robertson leaves one son, George Robertson of Harrisburg, and one daughter, Mrs. Thomas L. (Virginia) Ozment III of Tulsa, Okla.

She was the last of three children. A brother, A. T. Aydelott, died a few years ago and a sister, Mrs. Katie Siddall, passed away in February of this year.

The body lies in state at the Gaskins funeral home where services will be held Saturday at 2 p. m. Rev. Joe Morman will officiate and burial will be in Sunset Hill cemetery.

Acting Judge Samuel Friedman banged his gavel when the standing room crowd broke into applause on hearing his decision.

"This is not a show, it is a courtroom," Friedman shouted. Hopper said he didn't recognize Presley as the entertainer at his station and asked him to move his car from near a gas pump.

About the same time, however, Presley was besieged by autograph hunter and, naturally, they won his attention.

That's when the brawl started and before it was over Presley accused Hopper of pulling a knife.

A crowd estimated at about 300 jammed the courtroom, including one little girl in a blue party dress, brought by her mother "to see Elvis Presley."

### Neff Warns Fire Conditions Near Hazards of '52

#### Forest Supervisor Urges Care with Outdoor Blazes

The forest and field fire situation will soon become just as explosive as it was in 1952, when thousands of acres of wooded and farm lands burned in southern Illinois, if rain does not come in a hurry, L. P. Neff, supervisor of the Shawnee National Forest, said here today.

Conditions right now are as dry as in 1952, but in the forests, he said leaves are not falling as rapidly from the trees a four years ago because of rains during the summer. In 1952, he explained, there were considerably more leaves on the ground to aid a fire along than there are at present.

However, he continued, the leaves are beginning to fall more and more every day.

In a normal rain year, he pointed out, the top layer of leaves on the ground is dry with layers underneath moist and moist leaves help prevent fires from moving fast. But this year, under present conditions, leaves will be dry all the way through.

Supervisor Neff stated that there are a few minor fires over the forest area every day but that none have been big so far. However, rangers and tower men are now spending "all their time patrolling and being on the lookout for fires. He urged all persons to be especially careful at this season with their outdoor fires.

In 1952 all the Shawnee National Forest personnel, men from the offices as well as in the field fought big blazes throughout the Forest, and help was imported from other National Forests.

Fields and wooded areas near Harrisburg burned off at alarming rates and there were instances of buildings burning as a result of being ignited from these fires.

### Death Takes Mrs. J. C. Robertson

#### Funeral Services Will Be Held Saturday 2 p. m.

Mrs. Nora Robertson, 70, widow of J. C. Robertson and resident of Harrisburg since 1919, died Thursday at 8:30 p. m. at her home, 512 East Poplar.

Death was due to a heart condition and followed a long period of ill health. She had been bedfast for the past week.

Mrs. Robertson was born Oct. 16, 1886, in Mountain township, the daughter of Willis A. and Anna Aydelott. She was married to J. C. Robertson who died in 1938.

She belonged to the First Baptist church here she was a member of the T. E. L. class. She was also a member of the Eastern Star for many years.

Mrs. Robertson leaves one son, George Robertson of Harrisburg, and one daughter, Mrs. Thomas L. (Virginia) Ozment III of Tulsa, Okla.

She was the last of three children. A brother, A. T. Aydelott, died a few years ago and a sister, Mrs. Katie Siddall, passed away in February of this year.

The body lies in state at the Gaskins funeral home where services will be held Saturday at 2 p. m. Rev. Joe Morman will officiate and burial will be in Sunset Hill cemetery.

### Shovel Engineer Dies Suddenly At Saxton Mine

Edward Koeppen, 57, a designing engineer from Marion, Ohio, died suddenly late yesterday while inspecting a new power shovel at the Saxton Coal company's new stripping development south of Harrisburg.

The body was moved to the Turner funeral home and was taken by airplane to Marion today. Coroner Elmer M. Gibbons, who investigated, said that Koeppen died about 4 p. m.

He said that Koeppen had been sent here by the Marion (Ohio) Power Shovel Co. to adjust the new power shovel. Witnesses told Coroner Gibbons that Koeppen collapsed while standing near the shovel and apparently died instantly. A physician summoned to the scene pronounced him dead.

### New Plan for Blood Program By Red Cross

A new plan for financing the Red Cross Blood program was announced today by Alfred Adams, chairman, Saline county chapter, American Red Cross. Effective January 1 the Harrisburg Medical Foundation (Lightner hospital), Harrisburg hospital, Ferrell hospital and Pearce hospital will cooperate in a financial participation plan.

This plan means that instead of Red Cross paying the full cost of the supplies, administration, laboratory processing, collection and distribution needed to provide every bottle of blood used for a whole blood transfusion, the hospitals will share this cost. The cost also includes blood derivatives which are distributed on an emergency basis, such as serum albumin, gamma globulin, fibrinogen and frozen plasma.

Mr. Adams emphasized that this does not mean there is any charge for the blood itself. "Blood is given voluntarily by the people of this community and it will continue to be given to patients in our hospitals at no charge for the blood itself," he said. This has always been the policy of the Red Cross.

The American National Red Cross has established 49 blood centers in the United States since 1948 with a proportionate amount of the funds collected during its annual campaigns. It has continued to subsidize these regional blood programs, pouring back many thousands of dollars into communities to improve the level of national health. Seventy-five percent of this operational cost has been borne by all Red Cross chapters throughout the United States. However, now that the centers are firmly established and the full value of the blood program service to the communities which participate has been proven, it is felt that a more equitable financial arrangement would be furnished by this new plan. The chapters receiving the benefits of the program are the ones who will bear the greater share of the cost.

The shift in financial responsibility to the specific blood program chapters means that these chapters would have had to increase their yearly fund campaign goals and it was thought more advisable to adopt the hospital participation plan.

Mrs. Hodge signs Quit Claim to Hotel in Florida

CHICAGO (UP)—Mrs. Margaret Hodge, wife of imprisoned Orville E. Hodge, has signed papers that will facilitate the sale of an ocean-side hotel at Fort Lauderdale, Fla.

Mrs. Hodge signed a quit-claim deed at the Illinois attorney general's office Thursday, allowing the state to auction off the lavish hotel Monday.

Proceeds of the auction will go to the state of Illinois to help repay part of the million dollars Hodge embezzled from the state treasury. The building and its furnishings have been appraised at \$570,000.

Mrs. Hodge, however, has been guaranteed the money paid for a penthouse suite which she claimed as her personal property. She previously insisted that some \$300,000 of Hodge's assets that the state was trying to obtain really belonged to her.

Mrs. Hodge was expected to attend Monday's auction.

### Six Other Persons are Critically Burned in Residential Area Blasts

HERRIN, Ill. (UP)—The death toll climbed to seven persons early today in a series of gas tank explosions and fires which rocked residential sections Thursday night, destroying five homes.

The dead include two men, two women, and three children. Six others were injured critically in explosions and fires which erupted after gas "crawling like it was alive," seeped from a tank loading area into a residential district nearby.

Dead were Oscar Williams, 38; his wife Violet, 33; their son Fred, 3; Mrs. Williams' father, Fred Kerley, 62, and mother Elizabeth Kerley, 63; Charlotte Jarvis, 10; Robert Lee Keller, 5.

Doctors at Herrin Hospital, where the injured were treated, still fear the death toll may rise. Bodies of the most seriously injured were 90 per cent covered by burns.

The dead and injured made up two families. The Jarvis girl and Keller boy were step-children through a previous marriage of their mother, Mrs. Imogene Keller, who was among the injured.

Herrin fireman Gilbert Wallace, one of the men who entered the area before the blasts occurred, told the United Press that when a Herrin fire truck arrived in response to a gas alarm, the gas was coming from the truck "8 to 10 inches deep, and looked like fog. It was hugging the ground, crawling like it was alive."

Wallace said firemen went to work to clear the area, but the blasts came in first one house and then another before all persons could be taken out.

The Williamson county coroner's office had not yet set a date for an inquest. Louis Scheffler, proprietor of the gas service, was in a state of severe shock and state and fire officials had not yet been able to talk to him.

Blames Leaky Valve  
Fire Chief Carl Mayers blamed the initial explosion on gas seeping from a leaky valve of a propane gas truck at a gas warehouse which was ignited by an open flame. The heavy gas spread over the residential area like a fog and was ignited by an open flame—possibly on a stove or a water heater—in one of the five houses destroyed.

A warehouse used to store propane gas tanks also was demolished and another house was badly damaged.

Firemen summoned when the gas was noticed spreading over the neighborhood stood by helpless as the first explosion erupted in huge flames.

Seconds later, another explosion shook the area, followed by some 50 propane tanks stored in the warehouse erupting like "rockets in all directions." A witness said

The firemen played the hoses on a Standard Oil Co. storage plant, containing 80,000 gallons of gasoline and diesel oil, near the blast area to prevent the flames from spreading.

### Wright Says He Received Hodge Campaign Check

CHICAGO (UP)—State Treasurer Warren Wright testified today that former State Auditor Orville E. Hodge, convicted of stealing state funds, gave him a \$1,000 check to help make up his campaign fund deficit.

Wright told the Senate Banking Committee investigating the 1 million dollar Hodge scandal that he had no reason to be suspicious of the check.

But he said that after the Hodge scandal broke, he turned over a photostat of it to the FBI voluntarily.

Wright said the check was drawn on the Southmoor Bank and Trust Co., the bank where Hodge cashed phony state checks.

Wright said he first became suspicious of Hodge because of "rumors" floating around the St. Nicholas Hotel in Springfield last spring. He said both he and Hodge lived in the hotel, "and I couldn't even get a little calcimine on the walls while Hodge got anything he asked for."

He said he heard rumors that Hodge paid for redecoration of his suite with a state check, but the hotel told him the \$5,000 check went for dinners and meeting rooms.

Wright said he "began digging" through his voluminous records and found a record of the hotel check.

But he said he had no way of determining what the check was for because he did not have access to the voucher.

When the Hodge scandal was breaking, Wright said he met Hodge at a meeting last June 19

in the governor's mansion. He said Hodge asked him to withhold his records from the newspapers.

"He said we were friends and I was up to me to protect him, or the whole team would go down," Wright said.

Wright said he refused to withhold the records and when he found 21 suspicious state checks he had them photostated and turned them over to the Chicago Daily News.

Wright said when he asked Hodge about his lavish standard of living, Hodge laughed and told him "I'm working on my second million."

He said it was generally assumed that Hodge was a wealthy man, and that this served to allay suspicions.

Wright told Fulbright he hopes the committee will not recommend that bankers be prohibited from making political contributions. He said such a bar would "ruin the two-party system."

"Why single out bankers?" he said. "Why not doctors and dentists, too?"

"Because they don't have public funds on deposits from which they can profit," Fulbright replied.

### Former Resident Of Broughton Dies

Joe Slinger, 32, former resident of the Broughton community, died at 6 p. m. yesterday at his home in Alton. Death was due to a heart attack. Funeral and burial services will be held in Alton Monday.

ARE you an "either-or" person? Do you judge everything as either fast or slow, good or bad, healthy or unhealthy, clean or dirty, perfect or imperfect? Are your friends either smart or dumb, interesting or dull, sophisticated or boring? If you measure people, events, conditions and objects in terms of extremes you fall into the category of "either-or."

Of course, you are I am in between. When we face reality, we find very few people at the opposite ends of possible measurement. Few people are the tallest or the shortest in the world or in the town. Generally only two fall in these classifications.

Not many ideas are entirely workable and few thoughts are not worth considering. Our homes are seldom entirely clean or completely filthy.

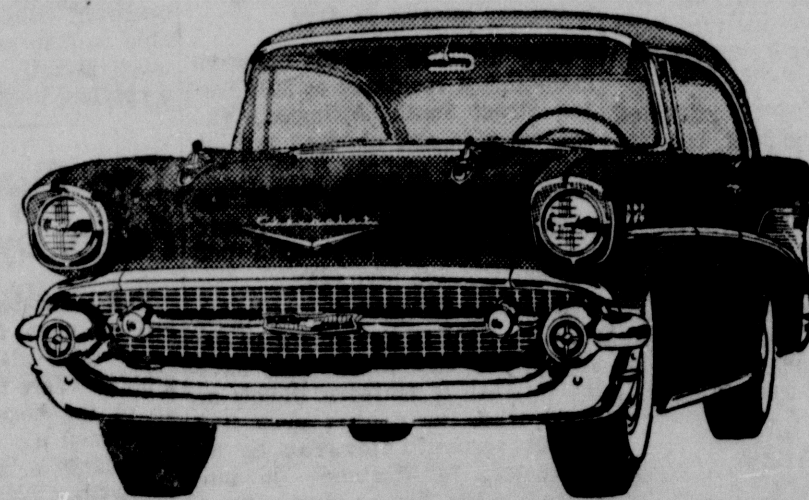

The disciple who were chosen to follow Jesus were average men. They had their faults and their abilities. They were not extreme men. Of course, Judas was despicable to all of us, but we do not know many Judases.

## Sewage Plant Operators Hold Fall Conference

The fall conference of the Illinois Sewage Works Operators, southern division, was held in Harrisburg Thursday with approximately 50 persons in attendance.

Operators of sewage plants in communities throughout the area were present to discuss problems common to their work and hear discussions and recommendations from representatives of the State Department of Public Health.

The conference was for operators in cities and towns south of Highway 50, with Salem being the northernmost community represented.

Following the general discussion period during the morning at the Harrisburg city hall, a luncheon and business meeting was held at Wesley Center.

Feature of the noon session was a film, "Land of Lincoln," highlighting the history of Illinois and the industrial and agricultural centers of the state.

Officers for the coming year were elected: Albert Anderson of Marion is the newly elected chairman; John Wooten of Carbondale is vice chairman and Don Johnson of Grayville secretary-treasurer. Elmo Conrady of Mt. Carmel is retiring chairman.

Representatives of the Department of Public Health present were William J. Downer, acting chief engineer; William A. Hasfurther and Ray Golly, sanitary engineers, and Arnold Westerhold, chemist, all from Springfield, and "Tony" Favreau, district engineer at Carbondale, and Hogt Frederick, district engineer of Flora.

The morning session was opened with an address of welcome by Mayor Claude Gibbons of Harrisburg, who also made a short talk at the noon luncheon.

Amos Doom and Harrison Kibler of the Harrisburg Water and Sewer departments were co-hosts for the meeting.

The spring conference will be held in Carbondale.

Illinois produces about 40 million bushels of wheat annually, about two thirds of it grown in the southern third of the state.

## Wife Charges Marine Corps Made Life 'Hell on Earth' for Decorated Husband

PARRIS ISLAND, S. C. (AP)—The wife of a Marine Congressional Medal of Honor winner convicted of attacking his commanding officer said the Corps made her husband's life "a hell on earth" after he received the nation's highest military citation.

The Marine Alfred Lee McLaughlin, 28, of Leeds Ala., Thursday began serving a three-month sentence following his court martial. He occupied a brig cell with Matthew C. McKeon, the former drill sergeant who led the Parris Island "death march."

Mrs. McLaughlin charged that the Marines exploited her husband after President Eisenhower awarded him the Congressional Medal of Honor in 1953 for killing 150 enemy soldiers in Korea. She also charged that other Marines ridiculed him because he had won the medal.

McLaughlin, who was a technical sergeant before the court martial, was found guilty of an armed attack on his commanding officer, Maj. Henry Checklou, stripped of his rank, fined \$120 and sentenced to serve three months.

The conviction, Mrs. McLaughlin charged, "just wasn't fair after all Mac has given to the Corps and his country."

Her husband, she said, "never had a peaceful moment" after President Eisenhower gave him the medal. Anytime the Marine Corps could use him to get publicity, they did. "They couldn't leave him alone."

She said he led a difficult life

## Social and Personal Items

### Frances Moon Circle Elects New Officers

The Frances Moon circle of the First Baptist church held its first meeting of the new year at the home of Mrs. Waldo Herron with 11 members present.

New officers were elected and installed.

Mrs. L. I. Webb presided over the program which opened with the song, "What a Friend We Have in Jesus," followed with prayer by Mrs. Mima Woolard.

Mrs. Webb gave an interesting talk on the watchword for the year found in Habakkuk 2:15. This was repeated by the group at the beginning and the closing of the service.

Closing prayer was by Mrs. J. R. Metcalf.

Refreshments of pumpkin pie with whipped cream and coffee were served by the hostess, Mrs. Herron.

### Style Show Presented At Sorority Meeting

Xi Chi chapter of Beta Sigma Phi met in the club room of the public library on Wednesday evening Oct. 17. The club room was beautifully decorated with arrangements of fall flowers. Members of Xi Beta Omega and Beta Kappa and their rushees were especially invited guests.

Mrs. Hudson Mugge, president of Xi Chi, welcomed those present and introduced Mrs. Eli Lasersohn, program chairman for the evening. Mrs. Lasersohn's program consisted of a style show which featured fashions from Myrons. Mrs. Lasersohn presented Mrs. John Schork who discussed the fashion trends and was commentator for the evening as various coats, dresses, suits, party dresses, sportswear and lingerie were modeled by Mrs. Bill Plater, Mrs. Jerry Duane, Miss Robin Wathen, Miss Edna Henshaw, Miss Wanda Smith and Miss L. Nell Gwin. Piano music was furnished by Mrs. Raymond Asbell.

Rushees of Beta Kappa present were Mrs. William Burroughs, Mrs. Lowell Vaughn, Mrs. John Hill, Mrs. Ellis Henson, Miss Carol Odle and Miss Cieta Albright. Mrs. Mugge announced that the Preferential Tea will be at the home of Mrs. George Barnes from 3 p. m. to 5 p. m. on Nov. 4. Delicious refreshments were served by the following hostesses: Mrs. C. E. Seten Jr., Mrs. Rob Roy Brown, Mrs. George Johnson, Mrs. H. V. McDaniel and Mrs. Sam Barter.

Mrs. Booker Shell Hostess To Garden Heights Unit

The Garden Heights Home Bureau unit met Tuesday with Mrs. Booker Shell, 1230 South Granger.

Roll call was answered by eight members telling the month they preferred to be hostess for the coming year.

The major topic, "Easy to Care for Fibers, Fabrics and Finishes," was given by Mrs. Jack Brown.

Mrs. Joseph Smith presided over the meeting in absence of Mrs. Willie Cummins, chairman, and Mrs. Joe Harris, co-chairman.

Refreshments of spice tea and cookies were served by the hostess.

## Miss Retha Lane, Robert Kohl Wed At St. Joseph Church in Ridgway

Mr. and Mrs. Robert Kohl

In a simple but impressive ceremony performed Friday, Sept. 21, by Father John Venegoni, Miss Retha Lane, daughter of Mr. and Mrs. George Lane of Harrisburg RFD 3, became the bride of Robert Kohl, son of Mr. and Mrs. Louis Kohl of Ridgway.

The double ring service took place at 5:30 p. m. at the St. Joseph church in Ridgway.

The bride wore a light blue brocade sheath dress with matching bolero jacket. She wore a winter white hat with light blue accessories and a white orchid corsage.

Mrs. Leo Watkins, sister of the bride, was matron of honor, wearing a black and blue sheath dress with black accessories and a corsage of pink carnations.

Serving as best man was Junior Kohl, Ridgway, brother of the bridegroom.

Mrs. Lane chose for her daughter's wedding a blue dress with black accessories and Mrs. Kohl

wore a pale blue dress with black accessories.

A reception was held following the wedding at the home of the bridegroom's parents. Out of town guests attending the wedding and reception were Mr. and Mrs. Marvin French and children, Pam and Mike, and Miss Rita Kohl, all of Champaign, Mr. and Mrs. Bernie Mitchell of Enfield, Mr. and Mrs. Clyde Lane and daughter, Linda, Benny Lane of Harrisburg and Leo Watkins of Galatia.

The bride is a graduate of the Harrisburg Township high school with the class of 1955 and was employed at Skaggs Pharmacy. The bridegroom was a graduate of Southern Illinois University with the class of 1956 and is now with the McDonnell Air Craft Corporation in St. Louis, Mo.

Following the reception the couple left for a short trip through Kentucky and they are now making their home at 415 Ohio Avenue, East Alton, Ill.

### Birthday Dinner Held At Ripperdan Home

A birthday dinner was held Sunday at the home of Mr. and Mrs. John Ripperdan, 1006 South Ledford, in observance of the birthday of Mr. Ripperdan, Irvin Ripperdan and Fern Edwards.

Present were Mr. and Mrs. Claud Bruce, Eldorado, Mrs. Irene Shell and son, Glendal, New Shawnee-town, Orval Knowles, Omaha, Mr. and Mrs. Irvin Ripperdan and family of Norris City, Mr. and Mrs. Bill Spurlock, Harrisburg, Mr. and Mrs. A. M. Norman, Marion, Mr. and Mrs. Ray Beasley and family, Mr. and Mrs. Cecil Edwards and daughter, Norma Lea, Marion RFD 2, Mr. and Mrs. Sam Ripperdan, Harrisburg, and Cecilia Shetler, Harrisburg.

### Mrs. Eleanor Richardson Hostess to Sunshine Club

The Sunshine club was entertained at the new home of Mrs. Eleanor Richardson in Eldorado for an all day meeting.

A delicious dinner was served at the noon hour with thanks being given by Mrs. Edna Lasseter. In the afternoon business was conducted by the president, Mrs. Emma Hall. Roll call was answered by each giving "a most embarrassing moment."

It was announced that there would be a miscellaneous box sent to the Children's home at Carmi at the next meeting.

The festivities of the social hour were in keeping with the Halloween season. A hat parade was held with the prize going to Mrs. Hall who also won the door prize.

Those present were Mrs. Delia Williams, Mrs. Ruth Bramlet, Mrs. Sadie Irvin, Mrs. Edna Lasseter, Mrs. Opal Wiseman, Mrs. Emma Hall, Mrs. Cora Naugle and the hostess, Mrs. Richardson.

### First General Baptist Golden Rule Circle Has Halloween Party

The Golden Rule circle of the First General Baptist church met Wednesday night at the home of Mrs. Louise McCuan on Ledford street for a Halloween party.

Games were played and prizes were awarded to the prettiest, ugliest and the last one to be guessed. Louise Brinkley was dressed the prettiest, Pauline Donelson, ugliest, and Eunice Black was the last one to be guessed.

Refreshments of cookies and coffee were served to Wanda Lee, Helen Hicks, Mary Lou Spurlock, Donna Harris, Louise Brinkley, Pauline Donelson, Edna Spurlock and Eunice Black and to visitors, Leotta Spurlock, Marilyn Hicks, Patty Hicks, Phyllis Harris, Jackie Lee, Mr. and Mrs. Jack Parks and son, and the hostess, Mrs. Louise McCuan.

Mrs. Troyce Reynolds, the former Callie Hull of this city, entered St. Joseph's hospital in Joliet, Monday night, Oct. 8, and will undergo surgery in a few days. She would like to hear from her friends and relatives. Her room number is 308.

## Business Expects Good Fourth Quarter Economy

NEW YORK (AP)—American business is betting billions of dollars that the fourth quarter of 1956 will be a good one for the economy.

Most consumer industries are pulling out all stops to capture a bigger share of the consumer's dollar in the final three months of the year, when holiday-minded shoppers loosen the purse strings. Competition is going to be keen. Automakers will vie with washing machine manufacturers for the same dollars. Toys will compete with perfume.

The auto companies have sunk hundreds of millions of dollars into their 1957 models, now appearing in dealers' showrooms. The auto makers hope to boost sales sharply this year.

But manufacturers of appliances, toys, and other items, not to be outdone, are coming out with new designs and new ideas to whet the public's appetite.

Even the liquor industry has redesigned its bottles and packaging with an eye toward taking a bigger bite of the consumer's greenback.

## Soil Bank Payments Total \$68.5 Million

WASHINGTON (AP)—The Agriculture Department reported today that farmers in 41 states received soil bank payments totaling \$68,501,532 through Oct. 12.

This was an increase of more than 50 million dollars over the 18 million dollars paid through Sept. 28. The first report of soil bank payments, released on Sept. 21, showed \$3,400,000 had been paid out as of that date.

Today's report showed that Iowa farmers have received the largest total payments—\$20,714,412. Texas farmers were second, with a total of \$7,852,242.

Illinois farmers received \$4,218,253.

### Hearing for Cache River Survey at Vienna on November 20

Congressman Kenneth J. Gray (D), 25th District of Illinois, today announced that the U. S. Army Corps of Engineers District Office at Louisville, Ky., will hold a public hearing concerning the upper portion of the Cache River Basin to hear testimony concerning flood control problems. The hearing will be held at Vienna Nov. 20.

Gray said the Cache River Basin was divided into two portions; one a tributary of the Ohio river and the other a tributary of the Mississippi. The Congressman said the Nov. 20 hearing will be to hear land owners residing in the area up stream from the Post Creek cut off.

Gray said the Mississippi river tributary of the Cache River Basin will be studied at a public hearing by the St. Louis District Office of the U. S. Corps of Engineers. A date has not been set, but it is expected that the St. Louis Office will announce a date soon.

Gray said the survey was directed as a result of the \$50,000 appropriation he secured in the past session of Congress.

### Salvation Army Band Concert Here Tomorrow

The Tower Grove Salvation Army band from St. Louis will be in Harrisburg and Eldorado Saturday for scheduled concerts but the performance set for that evening at the Harrisburg Township High school has been cancelled.

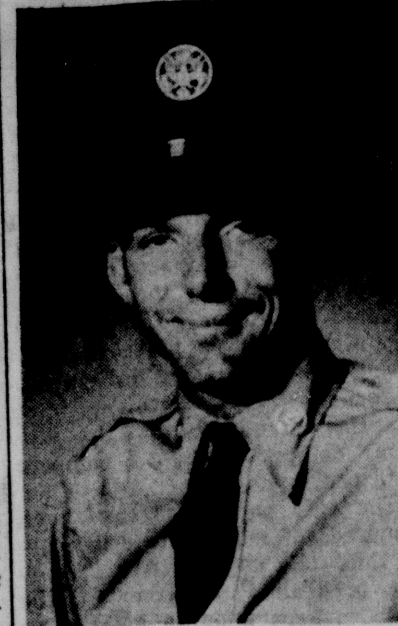

Reason is that some member must be back in St. Louis that night.

The band is being brought here to help the Salvation Army drive for funds, which includes a Tag Day to be held from 10 a. m. to 4:30 p. m. Saturday.

There will be a short parade at 10 a. m. in Harrisburg, after which there will be a concert on the court house lawn. Following a picnic lunch the group will go to Eldorado for a concert at 1:30 p. m. in connection with a Salvation Army Penny Pitch to be held there. The band will play briefly in uptown Harrisburg upon its return here.

Lowest continental altitudes in South America and Antarctica are at sea level.

# READ WHAT OTHERS SAY PRAISING THE RECORD of Your Congressman KENNETH J. GRAY

### Fellow Congressmen Commend Gray!

"I think you made a remarkable record. You grasped the legislative situation in a very short space of time and you were a very effective member of the Committee. The people of your District and the people of Illinois should be proud of the record you made in the Congress of the United States."

Hon. John J. Dempsey, Member Committee on Public Works and former Governor New Mexico from letter Aug. 20, 1956.

### Teachers Acclaim Gray!

"I am writing to express to you my personal thanks for your consistent support of the school construction bill throughout the debate and voting on this legislation."

Ernest Giddings, National Education Association of the United States from letter July 23, 1956.

"On behalf of the American Federation of Teachers, I thank you most sincerely for your support of the legislation seeking to give America's children a better chance to get an education."

S. M. Borchardt, American Federation of Teachers from letter August 6, 1956.

### Miners Endorse Gray!

"Congressman Kenneth J. Gray deserves the support of every UMW member and members of their families on the basis of his public record in support of our position on major issues."

"Among the outstanding friends of our organization: Kenneth Gray of Illinois was ONE of 12 Congressmen out of the 435 who had all 'Right' votes in the 84th Congress."

from UMW Journal September 15, 1956, and UMW Journal September 1, 1956.

### Veterans Praise Gray!

"Now that the House has passed HR 7886—the War Veterans Security Bill—to provide benefits for the aged and needy veterans of World War I, I would like to take this opportunity to extend to you on behalf of the nearly 3,000,000 members of the American Legion our sincere thanks and deep appreciation for the great part you played in the fight on the floor of the House to have this legislation enacted."

Mr. J. Addington Wagner, Nat'l Commander of The American Legion from letter June 29, 1956

"I want to express to you our sincere thanks for all the effort that you put forth as our Congressman, in not permitting the Veterans Administration to sell the major part of the land surrounding the V. A. Hospital at Marion."

"The veterans of Southern Illinois shall always owe you a debt of gratitude for your deep interest taken in blocking the sale of this land around our beautiful hospital."

Ray Hubbs, Executive Secretary The Egyptian Past Commanders Club, from letter June 12, 1956.

"Kenneth J. Gray is a human 'Dynamo'. He was a tireless worker in the 84th Congress for the people of Southern Illinois. He deserves great credit for his effective work for such legislation as liberalization of the Social Security Act, The Distressed Areas Bill, the Federal Aid Highway Act of 1956, securing appropriations for continuing Devil's Kitchen dam, the Federal Building for Benton, and many other beneficial pieces of Legislation for the people."

## Harry Grayson's SCOREBOARD

### Wilkinson Makes Football So Simple, But Try to Stop Sooners

By HARRY GRAYSON  
NEA Sports Editor

NORMAN, Okla. (NEA)—Norman is a simple burg of 20,000 situated 20 miles south of Oklahoma City and its oil derricks.

No night clubs or anything like that. Nothing more than the usual movie and all-night restaurant you find in any college town.

Charles Burnham Wilkinson makes the brand of matchless football Oklahoma plays sound the same.

"We have only five basic plays," explains Bud Wilkinson, now recognized as the number one coach in the college game. "One is the quarterback sneak, so actually we have only four."

"Most of our plays are optional run or pass. The passing pattern is always the same. The only change is on the receiving end." That would give you the idea that Wilkinson reduced the split-T variety of football to its simplest form to guide the Sooners to a new modern consecutive winning streak of 33 after a previous run of 31.

But there is considerably more than that in the Oklahoma repertoire. While operating from Wilkinson's standard split-T with a balanced line 95 per cent of the time against Texas, for example, the Big Red also ran from three other formations.

Wilkinson went back to the single wing he learned so well under Bernie Bierman at Minnesota for four plays. Oklahoma ran the split-T from an unbalanced line.

Wilkinson even resorted to the swinging gate popularized by the late Francis Schmidt at Ohio State in the mid-1930's, five linemen lining up to the right, the nearest several yards from the center, the backs in an I or tandem behind the center before shifting.

Oklahoma is so good and deep, you see, that Wilkinson can afford to put on a show even against a squad as formidable as Texas. He is determined to complete his perfection by making the Red-shirts as entertaining as they are deadly efficient.

It has been said and written, you know, that split-T football, even that turned in by Oklahoma, was at times on the dull side. This despite the fact that the Sooners again this fall are packing stadiums as the nation's leaders in rushing, total offense and scoring. They showed the way in rushing and scoring a year ago.

Wilkinson adopted the split-T, which he helped perfect, because from it his team can hit quickly over a broad front. Oklahoma rarely passes and then the throwing more often than not is done by a back on the run. Wilkinson stresses ball possession, realizing more than most that a team can't be hurt while it has the leather.

While his style of game is basically simple, with all plays looking alike at the outset, Wilkinson embellished the split-T more than somewhat. Oklahoma is in position to hit any spot, move left or right.

Wilkinson doesn't tie himself up with one passer. Both halfbacks, Tommy McDonald and Clendon Thomas, are adept at passing while on the run. Quarterback Jimmy Harris hands off, passes or keeps.

Smacking Maryland in the Miami Orange Bowl last New Year's Day, the Sooners amazed a live audience of 76,561 and millions on the nation-wide television hook-up with the rapidity with which they got off their plays—three in 37 seconds, 73 from scrimmage during the

Bud Wilkinson

afternoon. Football men suspected that Wilkinson was running plays in sequence, but he wasn't.

"We just got back into and out of the huddle a bit quicker than usual," he says. "The huddle is still necessary because of the noise. The formation must be described, the play and starting count called."

The fast break threw off the Maryland defense because it created a tempo to which Big Jim Tatum's side was not accustomed. It reduced the number of Maryland defenses, forced a quicker calling of them.

As his brilliant record makes crystal clear, Bud Wilkinson takes advantage of everything, you see, especially the element of surprise.

### Pro Grid Owners Agree to Ban Radio Helmets

PHILADELPHIA (AP)—The use of radio and electronic equipment in helmets of National Football League players was barred for the remainder of the season today by "unanimous consent of the 12 owners," Commissioner Bert Bell announced.

Bell, in a directive issued to the 12 league teams, said "All electronic devices, including walkie-talkies to the sidelines, hearing aids of any description used to receive messages, radio equipped helmets or any other device of this nature must be eliminated for the remainder of the season."

The ban on the "space cadet" equipment begins next Sunday. It does not bar telephone lines to the bench, or a telephone line with extra footage used by coaches on the sidelines, Bell announced.

### FUTURE IS BRIGHT

EAST LANSING, Mich. (NEA)—Michigan State plans to enlarge Macklin Field, now seating 60,033, to a double-decker stadium holding more than 76,000.

## Yomiuri Giants Make Bums of Dodgers, 5-4

TOKYO (AP)—The Yomiuri Giants made bums of the Brooklyn Dodgers in their Japan debut today.

Sixteen Dodgers struck out, three straight in the ninth inning, as they lost 5-4 in the opening of a 20-game exhibition tour to the amazement of 20,000 fans at Tokyo's Korakuen Stadium.

It was a battle of second bests—Japan's losing team in the just completed Japan series and the National League champions.

The Japanese out-hit the powerful Dodgers even in home runs, 4-2.

Duke Snider struck out three times to pace the Dodgers' fan-ners. He duplicated the three consecutive strikeouts by Mickey Mantle in the second game of the New York Yankees' series here last year.

It was a bad day for Snider. When he did get on base with a walk, first up in the eighth, he was trapped off the bag. He really was safe at second, the rundown when the Giants second baseman dropped the bag from first. But Snider thought he was out, kept on running and was tagged at third.

The Brooks were sparkling in the infield with three snappy double plays by Jackie Robinson. Pee Wee Reese, Jim Gilliam and Gil Hodges. But they came to life at bat only in the fourth inning when homers by Robinson and Hodges in succession cleared the leftfield wall.

### Joey Giambra Favored Over Gil Turner Tonight

NEW YORK (AP)—Handsome Joey Giambra, sparkling middleweight contender of Buffalo, N. Y., is favored at 14-5 to beat "reborn" Gil Turner of Philadelphia tonight when boxing returns to Madison Square Garden after a six-week absence.

Their action-assured 10-round will be televised and broadcast nationally over NBC networks.

(The bout will be telecast locally over station WSLI at 8 o'clock tonight).

Black-haired Giambra, a lithe, fast counterpuncher, seeks his fifth straight victory and a higher rating among contenders than his present number ten. Approaching his peak at 25, he is eager to shoot for the title.

Twenty-six-year-old Turner, former welterweight challenger and formerly high ranking middleweight aspirant, seeks to break his losing streak at three straight. Close friends say he may do it because he's been "reborn" by patching up troubles with his wife.

## Ike Hits Demo Proposal; McCarthy Adlai Target

By United Press  
H-bomb tests, the draft and Sen. Joseph McCarthy figured prominently today in the latest campaign speeches by President Eisenhower and Adlai Stevenson.

Mr. Eisenhower, reported by White House aides to be fighting mad, said in Portland, Ore., Thursday night that "the road to surrender is paved with good intentions" such as Stevenson's "wishful" thinking proposals to end hydrogen bomb tests and the draft.

Stevenson attempted to tie Wisconsin's McCarthy firmly to the President in a speech prepared for delivery today at Lexington, Ky. He said that return of Republicans to national and congressional control would restore McCarthy to chairmanship of the Senate's Government Operations Committee. McCarthy had occupied that post when he conducted his controversial hearings on Communist infiltration.

The tired Vice President Richard M. Nixon neared the end today of his second transcontinental campaign trip. He plans two days rest in Washington before setting out again for his final swing which will last until election day.

### Three Students Die In Dormitory Fire

MOSCOW, Idaho (U.P.) — Three University of Idaho students died today in a dormitory fire. Firemen said the fire may have been set by a firebomb.

Officials withheld names of the victims pending notification of kin.

It was the fourth dormitory blaze within a week on the campus.

### Crack Marine Pilot Dies in Plane Crash

PENSACOLA, Fla. (U.P.) — A 25-year-old Marine pilot, a member of the Navy's famous Blue Angels flight demonstration team since February, was killed late Thursday when his plane crashed during a routine practice session over the Gulf of Mexico.

Holloway, a much decorated Korean veteran, was the Marine Corps representative on the crack flying team which has appeared in cities throughout the nation.

### Explosion Rips Plant in Norway

GJOEVIK, Norway (U.P.) — An explosion ripped through the vast Raufoss munition factory today.

First reports said 4 persons were killed and 20 others injured. Ammunition was reported to have blown up in one of the underground storage chambers of the factory, which is built under solid rock in this city 66 miles north of Oslo.

The plant is government-owned and is a chief supplier of ammunition for North Atlantic Treaty Organization forces. It was built with the help of United States funds supplied through the Marshall Plan aid program.

**STOCKS ADVANCE ON ACTIVE MARKET**

NEW YORK (U.P.) — Stocks advanced in all sections in a broader, more active market today.

Railroads featured the major groups with a gain of 1.38 points at 162.51 in their average at noon. Industrials rose 1.38 to 487.70 and utilities 0.20 to 66.11. The 65 stocks in these three rose 0.73 to 172.82.

Sales to noon totaled 780,000 shares, most since Oct. 3, against

American people in Las Vegas, Nev., today that they can't afford to take chances on "this mad and suicidal H-bomb race."

Kefauver, who takes a dim view of gambling, carefully avoided the crap games and black jack parlors in Las Vegas. Catapulted to national fame for his 1951 Senate crime investigation, he had concluded that "both morally and financially, legalized gambling in Nevada is a failure."

Mr. Eisenhower speaks tonight at a Republican rally in Los Angeles' Hollywood Bowl. He was certain to make a strong appeal for re-election of GOP Sen. Thomas Kuchel as well as for California's 32 electoral votes.

It was in Portland Thursday night, however, that the President let it be known that Stevenson had triggered his temper.

### Recalls Three Wars

He recalled that the United States has been in three wars during his lifetime because this country had been "too weak" on each occasion.

"We shall not do that again," he said. "We must not do that again."

Stevenson, in his speech prepared for delivery in Lexington, charged that "the President is not only campaigning for his team; he is campaigning for a Republican Congress."

He said this time would mean the restoration of McCarthy, the return of Sen. William Jenner of Indiana as chairman of the Judiciary subcommittee on Internal Security, Sen. Styles Bridges of New Hampshire would be the chairman of appropriations and Sen. John O. Bricker of Ohio would be chairman of interstate commerce. He said GOP control of Congress would return Sen. William F. Knowland of California as majority leader of the Senate.

"These are the men who tried to strangle the New Deal baby in the crib—the baby that Mr. Eisenhower now wants to adopt," Stevenson said. "These are the men who almost drove Mr. Eisenhower out of the Republican Party and into a third party."

### F89 Jet Crashes; 1 Dead; Pilot Hurt

MINNEAPOLIS (U.P.) — All reserve and air defense squadrons were ordered grounded at Wold Chamberlain Field today pending an investigation into the crash of a F89 Scorpion jet which killed one man and critically injured the pilot.

The accident was one of a series at the airport which has taken 15 lives since last June.

Killed was Radar Observer Lt. Joe E. Ward, 23, Minneapolis. The pilot, Lt. Robert P. Couch, 26, St. Paul, was taken to the Veterans' Hospital here in critical condition.

## Honesty, Integrity Basic Issue: Austin

(Continued from Page One)

sire on the bonus. Austin charged that Governor William Stratton vetoed such a measure and kept it from coming before the voters.

2. Institute a program of farm-to-market roads and they "will not be toll roads, but freeways," Austin said.

3. Greater participation by the state in aid to schools. He declared he favored a revolving fund that school districts now bonded to the limit might be able to borrow needed funds. Austin said he sees in the not too distant future a greatly expanded Southern Illinois University and declared he would favor aiding the university in every way.

### Favors Area Redevelopment

4. Favors passage of an Area Redevelopment bill and promised the full support of the state of Illinois in the passage of such a measure. The Area Redevelopment bill is federal government legislation, but it will have better chance of passage with full support of the state administration, Austin said.

5. Favors investigation of the Illinois Commerce Commission, which is "politically dominated," Austin charged. Austin asked if the recent electric rate reductions effective in southern Illinois might have been made with "the November elections in mind."

In closing, Austin said, "If I am elected Governor of Illinois the state's business will be conducted in a gold fish bowl where anyone can see what is going on. There will be no secrecy, everything will be out in the open and above board. There will be no stealing, no swindling as there has been under the present administration."

### Group Met at Airport

Judge Austin and party arrived in Harrisburg at 3:45 p. m. Thursday, flying from Chicago to the Harrisburg-Raleigh airport, where they were met by a group of Saline county Democrats.

At 6 p. m. there was a fund-raising dinner at the HTHS cafeteria, where 327 dinners were served and it was necessary to turn away 25 or more due to lack of room.

The rally at the court house began at 7:30, with Austin speaking shortly after 8 p. m., coming to the court house from WSIL-TV where he made a 15-minute talk.

The candidates went from Harrisburg to Marion for another rally last night and will make several stops in southern Illinois today, closing with a rally in Cairo this evening.

### Other Candidates

Among the candidates introduced at the meeting were James R. McLaughlin of Mt. Vernon, candidate for clerk of the Fourth District Appellate court. Saline county candidates present were James Burroughs, for circuit clerk; James Thornton, for coroner; Robert Wilson, for state's attorney.

Rep. Paul Powell of Vienna introduced Judge Austin. Steve Mitchell is chairman of the Democratic Central Committee and was in charge of the program.

It was announced that U. S. Senator Paul Douglas will be in Saline county for two meetings next week.

## Amputate Leg Of Bride, 17

OKLAHOMA CITY (U.P.) — Mrs. Laroy Jay, 17, married just Wednesday night, will have her right leg amputated today to prevent spreading of cancer—an operation everyone at the wedding knew was coming except the joyful bride.

Doctors hoped amputation of the leg just below the hip would prevent spreading of bone cancer, which eats away bone structure and could prove fatal.

Mrs. Jay, the former Chierrie Lee Thompson, bubbled with happiness Wednesday when she exchanged vows with Laroy, a Korean War veteran stationed at Fort Jackson, S. C. He knew she faced a leg amputation and had secured an emergency furlough.

But Chierrie didn't know. She was told Thursday as her husband, her sweetheart for years, held her hand.

Dr. C. R. Rountree was understanding, but serious, as he broke the news. He told Chierrie X-rays indicated only the leg bone was infected. Whether the operation will halt the cancer, only time will tell, he said.

## Wife, Beaten Daily for Six Weeks, Dies of Injuries

PATERSON, N. J. (U.P.) — A woman whose husband said he beat her daily for six weeks after she admitted wartime infidelities died early today at Paterson General Hospital. Police immediately arrested the husband for murder.

Mrs. Catherine Hertz, 36, mother of two children, had been semi-conscious since Aug. 12. Her husband, Charles J. Hertz, 38, will be arraigned on the murder charge Saturday.

Hertz said he began beating his wife in June after she admitted under years-long pressure she had been unfaithful while Hertz was a serviceman during World War II. Physicians said the woman suffered a brain injury, possible skull fracture and ear injuries.

## Ex-Con Charges Forced to Talk By Use of Pills

NEW YORK (U.P.) — An ex-convict charged Thursday he had been forced to take pills that made him talk to the FBI about the acid blinding of labor columnist Victor Riesel.

Gondolfo Miranti, 37, made the charges in an affidavit filed by his attorney in Federal Court. The affidavit was accompanied by a motion to suppress all previous statements Miranti had made to G-men and the U. S. attorney's staff and his testimony before a federal grand jury.

Miranti was indicted with labor racketeer John (Johnny Dio) Dioguardi and five others for conspiracy to obstruct justice in plotting the attack on Riesel. Miranti is being held in lieu of \$100,000 bail.

## Boy Fatally Stabs Brother

WESTON, W. Va., (U.P.) — An 11-year old boy stabbed his brother to death with a pocket knife in what authorities said was a "sort of political argument."

Arden Thomas Wright told police he did not mean to stab his brother, Paul, 13. He said he lunged in the direction of another youth, but the intended victim stepped aside and the blade plunged into his brother's chest.

Prosecutor William L. Fury said Said Arden would be charged with murder.

Fury said the stabbing occurred Thursday as the brothers and several other boys discussed politics while walking to school. The discussion became heated and a fight followed.

## Bus, Oil Tanker, Three Cars Pile Up; Two Persons Dead

MONTVALE, Va. (U.P.) — A Greyhound bus, an oil tanker and three cars piled up in a grinding, flaming crash in the picturesque Blue Ridge Mountains today, killing at least two persons.

Six injured persons were rushed to hospitals in Roanoke, 15 miles away. There were other minor injuries.

One of the victims apparently was an innocent bystander, William Campbell, of Roanoke, a state highway employee working as a flagman at a highway project at the point of the pileup.

Carl Simonson of Richmond was killed when the oil tanker he was driving plunged in flames into goose Creek after sideswiping the bus apparently while Simonson was attempting to pass a line of traffic.

## Indiana Authorizes NYC to Discontinue Trains 462 and 463

INDIANAPOLIS (U.P.) — The New York Central Railroad was authorized today by the Indiana Public Service Commission to discontinue trains No. 462 and 463 between Chicago and Harrisburg, Ill.

The line runs through Lake county and other northwestern Indiana counties before swinging into Illinois.

There has been an average of 1,000 forest fires a year in Minnesota for the past 40 years.
